MESSAGE

On the auspicious occasion of "Teachers' Day", I extend my heartiest greetings to all the teachers of the country. We salute our teachers who work persistently to shape the next generation to become more responsible citizens and most importantly good human beings.

The National Education Policy 2020, which has been formalized by our government under the direction of the Hon'ble Prime Minister Shri Narendra Modi Ji, is revolutionary in its approach and vision. The policy envisages pathbreaking reforms in school education as well as higher education. It also emphasizes that teachers must be at the center of the fundamental reforms in the education system. As envisioned by Hon'ble Prime Minister Shri Narendra Modi Ji, the policy empowers teachers and lists out various reforms.

Today, there are many challenges in the education sector, from the disruptions in learning due to pandemic to the extent of use and influence of technology on young minds. Traditional ways of instruction and learning have to adopt innovative ways which energise our youth and fuel their creativity. This places a tremendous responsibility on our teachers. I am convinced that NEP 2020 will honor and recognize the contributions of all educators in turning India into a *Vishwa Guru* by achieving its ambitious goals.

I once again extend my heartiest greetings to all on "Teachers' Day" for their commitment, hard work, and dedication on behalf of the entire country.

(Dharmendra Pradhan)

सबको शिक्षा, अच्छी शिक्षा

कौशल भारत, कुशल भारत
